If the agreed day or the day of receipt of the Payment Order is a non-Business Day, the order is deemed to be received the next Business Day.

A Payment Order for which execution has been refused in accordance with these Harmonised Business Conditions shall for the purposes of Clause 23 and 27 be deemed not to have been received.

Cut-off times may differ per type and initiation method of a Payment Order. Cut-off times may also apply to incoming Payment Transactions.

More information regarding the relevant Business Days and cut-off times can be obtained from the Bank. Changes in the cut-off times may be applied with immediate effect and without prior notice.

22.2 The Client is not authorised to revoke its Payment Order after the time of receipt as defined above or, if the order is initiated via a payment initiation service provider or by or through the payee, after the Client gives its consent. The Bank may charge for any revocation request.

23 – EXECUTION PERIOD

23.1 The execution period starts on the day of receipt of the Payment Order or incoming Payment Transaction by the Bank.

23.2 The amount of the Payment Order will be debited from the Account upon the start of execution and be credited to the account of the payment service provider of the beneficiary at the latest by the end of the next Business Day, provided the Payment Transaction is from an Account in the European Economic Area and:

i) denominated in euro and to an account held in the European Economic Area or a SEPA country;

ii) denominated in the official local currency and to an account held with a payment service provider in the same country; or

iii) involving one currency conversion between the official local currency and euro and, in case of a cross border transaction, the cross-border transaction takes place in euro and is to an account held in the European Economic Area.

If the transaction is initiated on paper the execution period may be extended by one Business Day.

23.3 Payment Transactions within the European Economic Area not referred to in Clause 23.2 will at the latest be credited by the end of the fourth Business Day after receipt.

23.4 Other execution periods may apply to transactions not referred to in Clause 23.2 or 23.3 above. More information can be obtained from the Bank.

23.5 The amount of any incoming Payment Transaction without a currency conversion required or with a currency conversion between two European Economic Area currencies will be credited and value dated to the Account of the Client in the European Economic Area on the same Business Day as received by the Bank. If a currency conversion between other currencies is required the value date may differ from the credit date.

24 – EXECUTION COSTS FOR PAYMENT TRANSACTIONS

24.1 Payment Transactions can be executed based on OUR (all costs are for the party initiating the transaction), BEN (all costs are for the beneficiary of the transaction), or SHA (payer and beneficiary pay the costs levied by their own payment service provider).

24.2 Payment Transactions from the Account held with the Bank in the European Economic Area to an account with a payment service provider in the European Economic Area, and all transactions executed based on the SEPA scheme, will be executed by the Bank based on SHA, irrespective of whether the instructing party has indicated BEN or OUR. All other transactions from or to the Account will be executed in accordance with the given instruction. If no choice is made the transactions will be executed by the Bank based on SHA.

24.3 Notwithstanding Clause 24.1 and 24.2, the Bank will not be liable to Client or any other person if an intermediary bank or the payment service provider of the beneficiary does not follow the instructions regarding the execution costs.

25 – REFUSAL

25.1 The Bank may refuse the initiation or execution of a Payment Order, incoming Payment Transaction, information request or other service request, if:

i) the order, transaction or request does not comply with the requirements of the Bank, is not received in the required form or format or is incomplete, incorrect or ambiguous;

ii) the Client has not provided the Bank with all required information in accordance with Clause 2;

iii) there is a suspicion of fraud, money laundering, terrorist financing or breach of any Sanction regulation;

iv) there is any doubt as to (a) the validity of the order, transaction or request or (b) the identity, consent, signature or authority of the person giving or forwarding it, or via which the order, transaction or request is received;

v) the available balance on the Account is insufficient or the Account is blocked or frozen or subject to an attachment, Security Interest or similar right limiting the right of the Client to dispose of it;

vi) the order or transaction concerns a currency which is not acceptable or freely available to the Bank, or

vii) the order, transaction or request, or the execution thereof, violates any applicable law or regulation or internal policy of the Bank or breaches any agreement between the Bank and the Client.

25.2 When the Bank refuses (the initiation or execution of) an order, transaction or request it will inform the Client of the refusal and, if possible, the reasons for it and the procedure for correcting any factual mistakes that led to the refusal, unless prohibited by applicable law or regulation.

25.3 The Bank may charge the Client for any refusal.

26 – UNIQUE IDENTIFIER/ACCOUNT NUMBER

26.1 Notwithstanding any additional information requirements pursuant to Clause 21.2, the Bank shall execute Payment Orders and incoming Payment Transactions based on the provided Unique Identifier and, if applicable, the identification code of the intermediary bank and/or the beneficiary's payment services provider. The Bank shall have no obligation to check any discrepancies between the Unique Identifier, the identification code of the intermediary bank and/or the beneficiary's payment services provider and a name or address. A Payment Order or incoming Payment Transaction is deemed to be executed correctly if executed in accordance with the provided Unique Identifier and identification code of the intermediary bank and/or the beneficiary's payment services provider.

26.2 If the provided Unique Identifier or identification code of the intermediary bank and/or the beneficiary's payment services provider is incorrect the Bank shall not be liable for the consequences of the (non- or defective) execution. However, if made aware of it the Bank shall make a reasonable effort to recover the funds involved in the relevant Payment Transaction. The Bank may charge the Client for such recovery.

27 – BANK'S RESPONSIBILITY FOR CORRECT EXECUTION

27.1 The Bank is responsible for the correct execution of Payment Transactions initiated by the Client until the transaction is transmitted in the exchange and settlement system. If required, the Bank will provide evidence of such transfer. Incoming Payment Transactions will be credited to the Account in accordance with the Agreement. If a transaction is initiated by the Client directly and the Client claims that such transaction is not or is incorrectly executed, the Client will have to demonstrate the error committed by the Bank. If the Bank is liable for the non- or incorrect execution, it will without undue delay restore the Account to the state in which it would have been had the defective transaction not taken place, provided any claim has been received by the Bank in the manner and within the period as indicated in Clause 17.2. This Clause is without prejudice to other rights and exonerations of the Bank under the Agreement.

27.2 If the Client claims that a transaction is not or is incorrectly executed the Bank will on request make efforts to trace the Payment Transaction and notify the Client of the outcome. The Bank may charge the Client for this service.

28 – UNAUTHORISED TRANSACTIONS

28.1 When the Bank is responsible for the execution of a Payment Transaction and it has established that such transaction has not been authorised by the Client, it will without undue delay refund the amount of the unauthorised transaction and restore the Account to the state in which it would have been had the unauthorised transaction not taken place, provided any claim has been received by the Bank in the manner and within the period as indicated in Clause 17.2. In order to request a refund of any Transactions, the Client can contact its usual contact at the Bank.

28.2 When the Bank demonstrates that a Payment Transaction has been initiated with the use of a Payment Instrument made available to the Client it shall be considered proof that the Payment Transaction was authorised, subject to evidence to the contrary.

28.3 The Client shall be liable for any Loss resulting from an unauthorised Payment Transaction:

i) if incurred by the Client acting fraudulently;

ii) if it failed to comply with one or more obligations under Clause 29; or

iii) resulting from the use of a lost or stolen Payment Instrument, personalised security credential or any means of access to any service, or from the misappropriation or unauthorised use of such instrument, credential or means of access, until the Client notifies the Bank of such event.

29 – PAYMENT INSTRUMENT

29.1 The Client shall use, and shall ensure that all Authorised Persons shall use, a Payment Instrument in accordance with the Bank's instructions and the terms governing the issue and use thereof.

29.2 The Client shall take all reasonable steps and all measures as required to keep a Payment Instrument and its personalised security credentials safe. The Client is obliged to inform the Bank, or any other entity as indicated by the Bank, without undue delay on becoming aware of any loss, theft, misappropriation or unauthorised use of a Payment Instrument or its personalised security credentials.

29.3 The Bank may block a Payment Instrument or access to a service (i) for reasons relating to the security or the suspected unauthorised or fraudulent use of a Payment Instrument, or (ii) where there is a significantly increased risk that the Client may be unable to fulfil its payment obligations towards the Bank.

29.4 If the Bank blocks a Payment Instrument or access to a service it will, if possible beforehand or otherwise shortly thereafter, inform the Client of such block and the reasons for it, unless this would compromise objectively justified security reasons or is prohibited by applicable law or regulation.

30 – INSTANT PAYMENT

30.1 As soon as the Instant Payment service becomes available with the Bank, the Client may receive Instant Payments and/or issue Payment Orders for an Instant Payment within the limits as indicated by the Bank or the Instant Payment scheme, and provided the payment service provider of the beneficiary executes Instant Payments.

30.2 In deviation from clause 22 and 23, a Payment Order for an Instant Payment may be issued and will be received by the Bank 24 hours a day, 7 days a week. Instant Payments are irrevocable and, unless expressly provided otherwise, executed immediately.

30.3 Payment Orders for an Instant Payment may only be issued via the electronic banking services of the Bank (list of eligible channels and services available on request) within the limits and under the conditions defined in that service's subscription agreement. When the client issues Payment Orders through host to host or files upload services, the Instant Payment can only be executed as described below once the remittance file has been processed by the Bank, knowing that the processing time may vary depending on the file size, and on the number and type of Payment Orders included in that file. Instant Payments are subject to an automatic processing of data in order to, detect and prevent fraud and to determine that the Payment Order complies with all mandatory requirements and processing conditions. This process may result in an automatic rejection of the Payment Order for which the Bank may not be held liable. If a Payment Order for an Instant Payment is rejected, it will not automatically be converted by the Bank into another Payment Order or Transaction subject to another payment scheme.

30.4 When all controls and execution conditions as mentioned above, are successfully fulfilled, the Bank:

i) puts a time stamp in the Instant Payment transaction, which marks the starting point in time of its execution;

ii) and Reserves the amount on the Client's Account. The funds reserved are no longer considered available and are not taken into account when determining the Account's balance.

30.5 The Instant Payment instruction must be executed by the Bank and the payment service provider of the beneficiary within the maximum execution time as indicated by Instant Payment scheme (starting after the Bank has put a time stamp in the transaction). If the Bank is informed that the funds could not be made available to the beneficiary, it shall immediately inform the Client and lift the reservation of the amount made earlier. The Bank shall inform the Client of the execution, rejection and/or receipt of an Instant Payment instruction via the reporting and alerts services subscribed by the Client in its electronic banking services agreements concluded with the Bank within the limits and under the conditions defined in this electronic banking service agreement. The Bank shall reject any Instant Payment issued or received if the time-out deadline, as defined by the applicable payment scheme, is exceeded, i.e. if within that time not all of the technical exchanges required could take place and the instruction could not be processed.

30.6 The Bank shall inform the Client of the availability of the service in the country where its Account is opened, and of any change affecting the service (maximum amount, geographical scope, eligible accounts...). The service will then continue on this new perimeter or under these new conditions without any further formality (unless provided otherwise).

31 – DIRECT DEBITS FROM THE ACCOUNT

31.1 The Account can be debited based on a SEPA Direct Debit Core, SEPA Direct Debit B2B or, if applicable, another Direct Debit scheme, depending on the country where the Account is held, the currency of the Account and the specifications in the Client's mandate for such Direct Debit. The Client is deemed to have consented to a Direct Debit by issuing a Direct Debit mandate to the creditor.

31.2 Direct Debit mandates will have to be issued to, and cancelled with, the creditor and not with the Bank. A copy of a SEPA B2B mandate, and any amendment or revocation thereof, will have to be submitted to the Bank at the latest before the applicable cut-off time of the Business Day preceding the (next) Direct Debit under such mandate.

31.3 Subject to the applicable Direct Debit scheme rules, a Client may request a refund of an executed Direct Debit within 8 weeks from the date on which the funds

were debited from its Account. In the event of a refund, no compensation will be paid by the Bank for any expenses or interest. After expiry of the 8-week period, the procedure set out in Clause 28 regarding unauthorised transactions applies. A SEPA Direct Debit B2B cannot be refunded at the Client's request and the Client cannot claim with the Bank that a SEPA Direct Debit B2B was unauthorised if executed based on the information provided by the Client to the Bank.

31.4 Subject to the applicable Direct Debit scheme rules, the Client may request the Bank to block all or specific Direct Debits from its Account. Such a request must be received at the latest before the applicable cut-off time of the Business Day preceding the execution date of such Direct Debit. The Bank may charge the Client a fee for each blocking request.

32 – CHEQUES

32.1 If such Service is part of the Agreement, the Bank may provide cheques to the Client. The Client may only use cheques issued and approved by the Bank and draw them in the currency in which they are printed. A completed and signed cheque is considered a Payment Instrument and the limitations and requirements of Payment Instruments apply. The Client is deemed to have consented to a Payment Transaction based on a cheque by completing and signing the cheque and providing it to the creditor.

32.2 The Account will, subject to any limitation on the execution of transactions as incorporated in the Agreement, be debited based on a cheque presented by or on behalf of the creditor. The Bank may refuse payment of a cheque if received after the statutory time limit for presenting such cheque.

32.3 The Client will hold harmless and indemnify the Bank for any Loss in connection with the loss, theft, forgery or fraudulent use of cheques, non-approved amendments or insufficient funds for the execution. The Bank may restrict the ability of the Client to use cheques and may charge a fee to the Client for the refusal to execute cheques based on insufficient funds.

32.4 Before a cheque has been presented to the Bank for payment the Client may revoke or stop payment of such cheque in accordance with and subject to any restrictions of applicable law or regulation and the requirements and conditions of the Bank. The Bank may charge a fee for the revocation or stopping of a cheque

32.5 All (unused) cheques must be returned to the Bank if so requested.

32.6 All cheques presented for payment with the Bank must comply with the formatting and other technical specifications of the Bank. The Bank may refuse cheques which do not comply with such specifications. Any amount of a cheque credited to the Account is conditional on receipt of payment by the Bank of the corresponding amount. If the Bank does not unconditionally receive such amount, the Bank shall cancel the conditional credit entry and deduct from the Account, if applicable, any related interest credited to the Account. Clause 23 is not applicable on the payment by the Bank to the Client of received cheques and such payment is subject to the requirements and conditions of the Bank. Additional information can be obtained from the Bank.

33 – CLOSING THE ACCOUNT

33.1 In addition to the general termination grounds as incorporated in these Harmonised Business Conditions, the Bank may close an Account if no Payment Transactions have been executed from the Account during a consecutive period of 12 months.

33.2 Upon termination of the Agreement regarding an Account or the closure of the Account by the Client or the Bank, the product and services provided by the Bank which are linked to the Account (and any agreement related thereto) will terminate with the same effective termination date without any further formality. However, the Bank will not be obliged to effect the termination or repay any credit balance for so long as (i) there are products and services provided by the Bank which are linked to the Account which can for whatever reason not be terminated with the same effective date, (ii) (part of) the Account is blocked due to a continuing contractual obligation, any law or regulation or an order of any court or other relevant authority, or (iii) the period for payment of cheques issued by the Client, or rejection of cheques credited to the Account, has not expired.

34 – DEPOSIT GUARANTEE

34.1 Deposits of the Client might under certain circumstances be compensated in full or in part by a "deposit guarantee scheme" if the Bank is unable to honour its financial obligations. More information regarding the applicable deposit guarantee scheme can be found in the Deposit Guarantee Scheme Annex and, if applicable, the Country Conditions, or can be obtained from the Bank.
